*Presents:*

### 2010 Fall Technical Development Clinics

TRAVEL Players and Parents:

As the 2010 season draws to an end I am happy to announce that the PSC is hosting 2 Technical Development Clinics for our “TRAVEL CALIBRE” players this fall at the Welland Soccer Club’s indoor facility. Each session will be 8 weeks in length, with both starting on Sun. Sept. 26<sup>th</sup> and run thru till Sun. Nov. 21<sup>st</sup>, excluding Oct. 10<sup>th</sup>,

- Session 1: for TRAVEL players 8-11 years of age, will run from 10:00-11:30,
- Session 2: for TRAVEL players 12-15 year of age, will run from 11:30-1:00.
- Cost is \$100 per person / per session

Both sessions will be technical & tactically based, and open to both female and male players registered with our TRAVEL teams. To provide the optimal learning experience, each session will have a cutoff of approximately 30 players.

“TRAVEL CALIBRE” means players participating in these clinic’s will be EXPECTED to come with fundamental skills ALREADY in place, as the emphasis will be on skill refinement and game application. The intent of these clinics are to provide a high level of competitive training for our kids who choose SOCCER as their #1 sport, and those who might want to compete for spots on the District, Regional and Provincial teams, or earn scholarships to Colleges and Universities. Players with other conflicts should consider other developmental programs as spaces are limited and this program is PROGRESSIVE, building from week to week, and missing 2 or 3 of the 8 sessions hinder the development of concepts being taught.

The Lead Instructor is: Coach Sam Paterson;

- *O.S.A. Provincial B Licensed Coach*
- *Senior Coaching License - Football Federation of Australia*
- *National C Licensed Coach - Asian Football Conference*
- *Certified Trainer & Assessor - Australia*
