

PELHAM SOCCER CLUB INC.

*From the desk of:
Coaching & Player Development Resource Team*

February, 6, 2010

Hello Pelham Soccer Community,

Allow me a moment to introduce myself, some of you I already know, many of you will recognize me, and to the few remaining, please feel free to introduce yourselves.

I am joining the PSC administrative team as the Director of Coaching & Player Development. Simply put, I will be helping the rest of the volunteers ensure that our children have a safe and educated environment that is fun to play soccer in. However, I do come with an agenda, and that is to “share the knowledge”. An “educated” coach provides a safer learning environment for our children to grow and develop in.

I would like establish a Coaching & Player Development Resource Team that will serve as an educational resource for new coaches to field questions, and seasoned coaches to seek fresh alternatives to the “same old routines”. I believe the greatest asset that any coach can bring to a team is their willingness to share their knowledge.

My soccer background spans over 30 years, 20 as a player, 16 as a referee, and 8 as a coach. I have had the privilege over my soccer career to learn from a wide variety of talented coaches, trainers, referees, and players. Each has taught me many different facets of this great game. I do not have all the answers, but I do know how to ask, and will endeavor to get them for you. I hold a Physical Education Degree from Brock U, currently working towards my Provincial Coaching Licence, and also have over 19 years of educating experience, in various disciplines. Therefore, I am confident that with your knowledge and my network of resources, we can establish a Coaching & Player Development Resource Team with depth and variety.

My personal coordinates are: thecarterfamily@cogeco.ca or (905) 892-0753. Please feel to contact me with suggestions, comments or questions.

Regards, Adam Carter

Director Coaching & Player Development
